PROFESSIONAL EXPERIENCE

Fiverr

January 2022 - Present

Freelance Frontend Developer

With years of experience studying and applying design principles, complemented those same set of skills developing and launching front-end web design for individual clients.

- **Generating high-fidelity mockups** for a variety of web and mobile projects.
- **Collaborated with clients** to understand their needs and goals, translating their ideas into effective design solutions.
- **Delivered excellent design solutions** that meet the needs of clients, meeting their deadline.

Graphic Designer

Initially hired as a contractor to do layout work for the school's newspaper, Owl Newspaper—a student-run media outlet covering events happening on and off campus.

- **Designed sponsored advertisements** for organizations, targeting the campuses students and staff.
- **Illustrated graphical art** that complemented and conveyed meaning towards the articles placed in the newspaper.

Summer 2014

Hyattsville Government

Graphic Designer (Intern)

Designed posters, flyers, and brochures, both in English and Spanish, for the community to inform the public on events, such as movie night.

EDUCATION

Associates of Applied Science in Visual Communications

May 2013

Prince George's Community College
